

BE JOYFUL IN HOPE,
PATIENT IN AFFLICTION,
FAITHFUL IN PRAYER.
ROMANS 12:12

2025 IMPACT REPORT

A Message From *Diane Ferraro*

CEO, Save the Storks

As we step into 2026, our word of the year is *perseverance*—the steady strength that keeps us showing up for mothers and babies.

Romans 12:12 reminds us to “Be joyful in hope, patient in affliction, faithful in prayer.” That verse has carried our team through every challenge and will guide us in the year ahead.

Looking back at 2025, I am grateful for all we accomplished together, which included Save the Storks convening our Pregnancy Health Clinics in the First Choice Women’s Resource Center Amicus Curiae Brief, representing a united front to the U.S. Supreme Court. Through your prayers and generosity, we lived out our mission: create a story of hope and empowerment for every woman facing an unplanned pregnancy. When a mother feels seen, supported, and empowered, her child thrives—and that’s why we persevere.

2025 IMPACT HIGHLIGHTS

Mobile Medical Clinics

We launched our 109th clinic, bringing ultrasounds, counseling, and hope directly to women in need.

National Partner Program

We equipped clinics, rescue missions, and churches with training and resources to provide ongoing, compassionate care.

24/7 Digital Platform

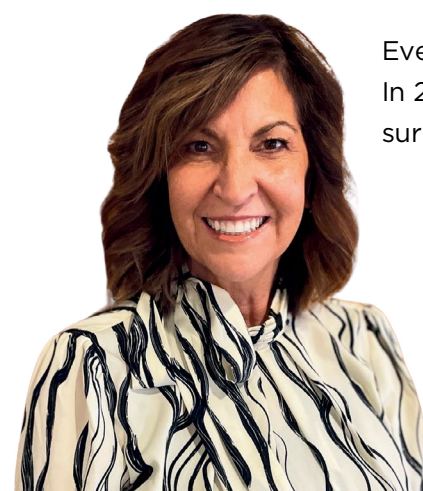

Abortion-vulnerable women connected instantly with life-affirming support on ForEveryWoman.org, with an AI-powered chatbot.

Every life touched and every mother encouraged reminds me why this mission matters. In 2026, we will continue to persevere—expanding care, deepening partnerships, and surrounding mothers with the support they need to thrive.

Thank you for walking with us. Because of you, hope is alive, babies are being saved, and women are being empowered in motherhood.

Let life happen,

Diane

*Let Life
Happen*

proc

Our 108th Mobile Medical Clinic

has launched with our partners at Real Options in the Dallas, Texas area. The clinic debuted during a special Open House, with **Officer Brandon Tatum** in attendance to help celebrate the launch.

In recognition of the support that helped make this clinic possible, Real Options placed a plaque inside the Mobile Medical Clinic to honor Officer Brandon Tatum and his viewers for their generosity.

In just its first week, the clinic has already served numerous patients, and three people accepted Jesus.

We are praising God for the lives already being impacted.

At Save the Storks, we create a story of hope and empowerment for every woman facing an unplanned pregnancy.

As churches are trained, as more women are reached online, and as Mobile Medical Clinics and Pregnancy Health Clinics are equipped, our country will see life-affirming change.

Together, we are building a culture that will “Let Life Happen.”

TRULY I TELL YOU, WHATEVER YOU DID FOR ONE OF THE LEAST OF THESE BROTHERS AND SISTERS OF MINE, YOU DID FOR ME.

MATTHEW 25:40

Our Programs

WOMEN'S HEALTH CLINICS

We partner with Pregnancy Health Clinics to help them grow into, or continue thriving as, trusted, compassionate, and community-rooted women's health care providers.

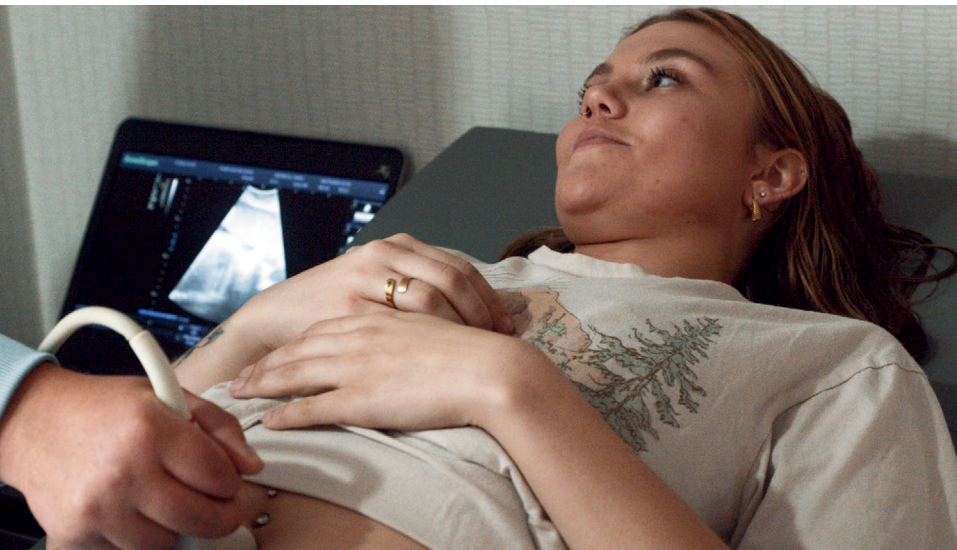

MOBILE MEDICAL CLINICS

Save the Storks designs, funds, and places state-of-the-art mobile medical clinics — also known as “Stork Buses” — across the U.S. These clinics bring free pregnancy tests and ultrasounds directly to women in their communities.

FOR EVERY WOMAN: DIGITAL PLATFORM

For Every Woman is our future-forward platform, meeting women anytime, anywhere with real care and real options. Learn more at: [ForEveryWoman.org](https://www.ForeverWoman.org).

SARAH'S STORY

In her search for help, Sarah stepped inside one of our Save the Storks Mobile Medical Clinics and found compassion, truth, and the support she didn't know she had. In the ultrasound room, she saw her baby kicking and waving its arms.

**“There’s a little person inside me,” she whispered.
“Yes,” the nurse said softly,
“and look, they’re having the time of their lives.”**

That moment changed everything. Sarah walked out with courage, peace, and a new understanding of hope.

PARTNER TESTIMONIALS

[Being a Save the Storks Partner] has totally increased our women’s health services. We’ve been able to add Abortion Pill Reversal, STI testing and we now have nurse-led appointments. We’re in the process of accreditation now. [...] They provide all this support for free.

-LaRae Taylor, partner in Lawton, OK

What sets Save the Storks apart is their unwavering love for the Lord and their desire to follow Him in every aspect of their work. [...] Partnering with Save the Storks has been one of the most impactful decisions we’ve made at Parkville Women’s Clinic. [...] The monthly check-in calls have been a game-changer. It feels like having a personal coach who genuinely cares, offering encouragement, strategic insight, and spiritual support. These calls don’t just help us stay on track—they inspire us to dream bigger and serve better.

-Testimonial from one of our partner clinics in Kansas City, MO.

The thing that excites me the most about being a Partner with Save the Storks is being in unity with so many other centers. [...] When I became a Partner with Save the Storks, I felt like I was a part of something bigger that God was doing all across the nation.

-Melissa McAtee, partner in Lafayette, IN

Save the Storks has encouraged us to be bolder with our Mobile Medical Clinic. We were feeling called to go to the Planned Parenthood in Chula Vista [...] and because of the encouragement of Save the Storks, we now go there monthly and park in a neighboring business parking spot.

***So far, 53 babies have been saved
in that parking lot***

and that’s all because of the encouragement of Save the Storks and them spurring us on.

-Kristen Hyler, partner in Chula Vista, CA

Grace's STORY

Reversing Her Abortion

**I FELT ABORTION
WAS THE EASIEST WAY OUT,**

GRACE RECALLS.

Weeks after suffering a miscarriage, she discovered she was pregnant again. Confused, angry, and overwhelmed, she scheduled an abortion in Colorado to coincide with a work trip in a few days.

Raised Catholic, she remembered the Novena to St. Thérèse of Lisieux, praying for a sign from God in the form of a rose.

At the clinic, she took the first abortion pill, with instructions to take the remaining pills by noon the next day to complete the abortion.

As she walked out, life-affirming advocates stood outside, and one handed her a rose. "I just knew right there, okay, we're not doing this," she says.

Late in the afternoon the next day, a Saturday, Grace confided in her friend Steph, a Save the Storks mobilizer, asking if there was any way to save her baby.

Steph immediately called Diane Ferraro, CEO of Save the Storks. Diane sprang into action, contacting the Abortion Pill Reversal Network to find help in her small town.

The weekend and limited pro-life medical care could have been a deterrent, but with tenacity, hope, and Holy Spirit guidance, Grace had the prescription and began treatment within 48 hours.

A few days later at her ultrasound appointment, Grace learned her baby was still alive. Tears and laughter filled the conversation as she called to share the news with Diane and Steph.

Now, with ongoing resources and guidance from Save the Storks, Grace is the mother of a baby girl, and is sharing her story to inspire hope for women facing similar choices.

More than 14,000 women
discover they are
pregnant each day—
many feeling
overwhelmed and alone.

**YOUR SUPPORT IS A POWERFUL
EXPRESSION OF FAITH,
HELPING WOMEN LIKE GRACE**

choose life.

Late one night, a message came through the For Every Woman chatbot— *short, raw, and urgent.*

“I’m homeless, pregnant, and trying to stay hopeful. I need help with housing, healthcare for my baby, or information about adoption. I just need help surviving right now.”

This is the reality for many women who turn to our platform—afraid of judgment, unsure where to go, and often facing these decisions alone. Too often, that isolation leads to quick, hidden choices that leave women without support.

Because of For Every Woman, she didn’t face that moment alone. Within seconds, she was connected to local resources for prenatal care, basic needs, and adoption support—and reminded she could return anytime, day or night.

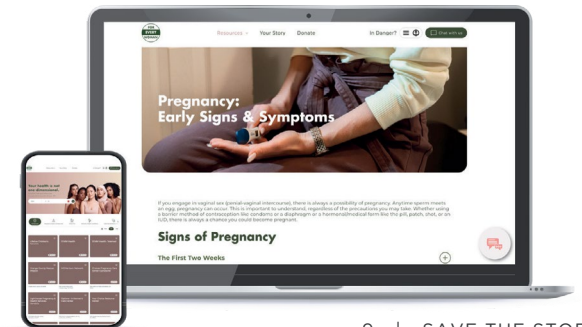

This is the heartbeat of For Every Woman: a 24-hour lifeline for women who can’t wait until morning and deserve safe, compassionate support when they need it most.

Looking forward to 2026: For Every Woman will receive much-anticipated upgrades including expanded resources, a new mobile app featuring a faster, more personalized experience, and an advanced AI chatbot agent.

FOR EVERY WOMAN

**“FOR I KNOW THE PLANS I HAVE FOR YOU,”
DECLARES THE LORD,
“PLANS TO PROSPER YOU AND NOT TO HARM YOU,
PLANS TO GIVE YOU HOPE AND A FUTURE.”**

JEREMIAH 29:11

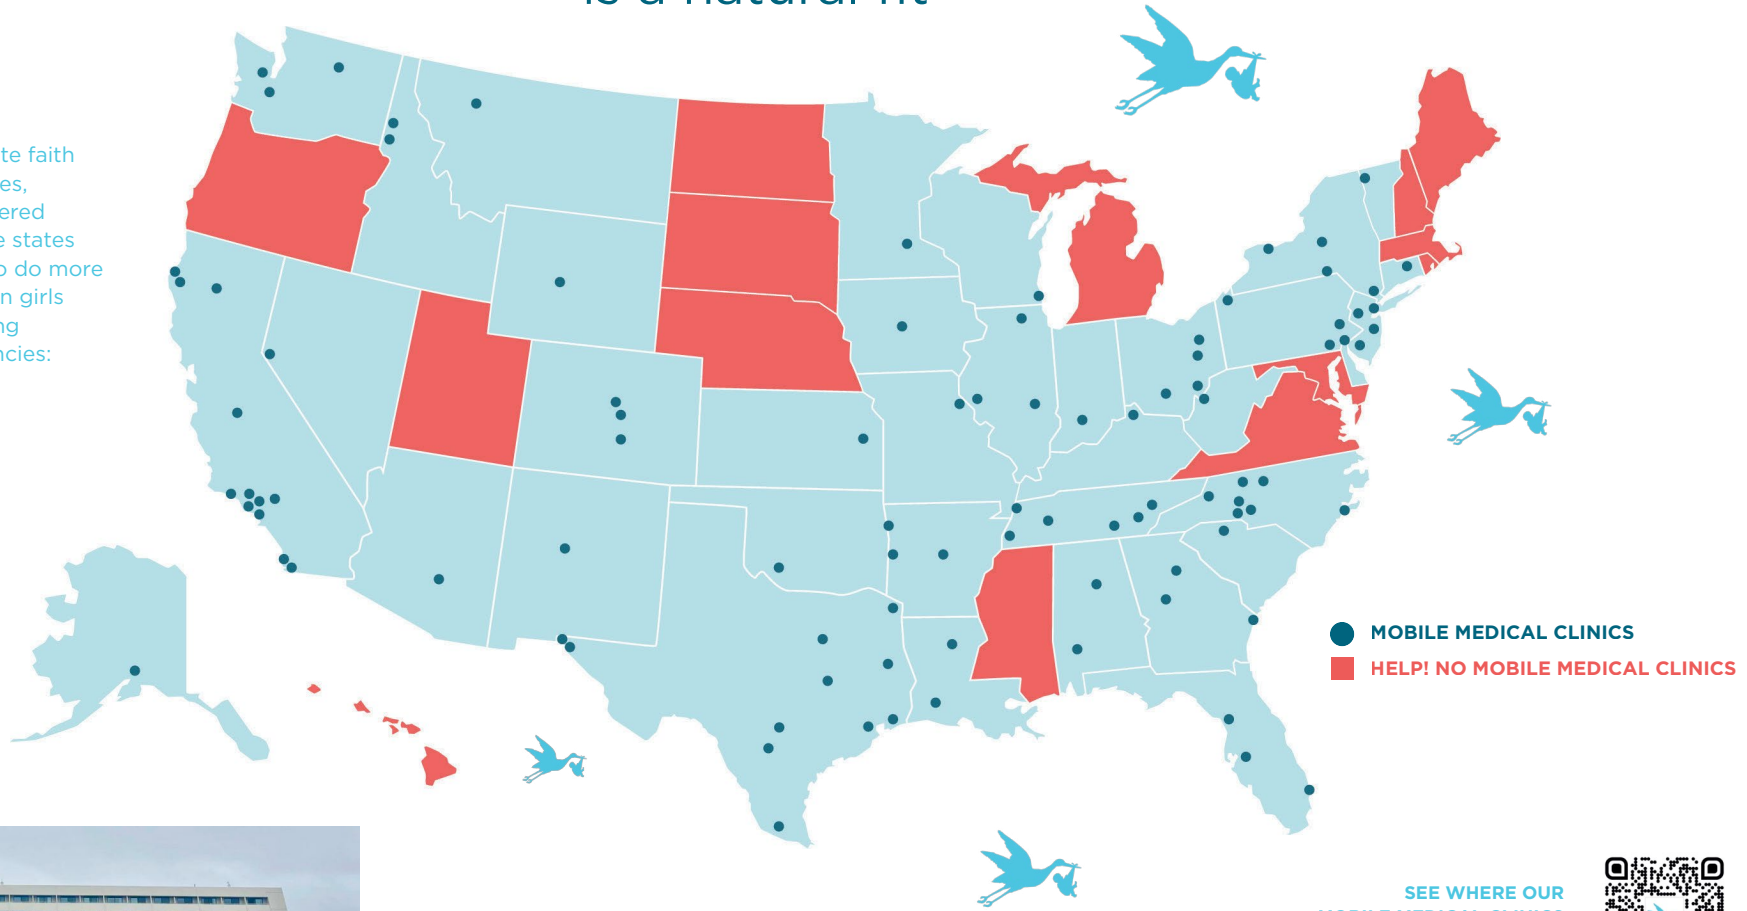

The connection with Christ-focused *Nationwide Partners*

is a natural fit

In our effort to activate faith based communities, we have also partnered with churches in these states that have seen a need to do more to directly reach teen girls and women facing unplanned pregnancies:

- California*
- Colorado*
- Georgia*
- Kentucky*
- Minnesota*
- New Jersey*
- Tennessee*

CODE RED: You are needed now more than ever.

Join us in increasing our fleet of Mobile Medical Clinics so that women facing an unplanned pregnancy choose life! Together, we can create a story of hope and empowerment for every woman facing an unplanned pregnancy.

Just as Jesus brought hope and life
to the woman at the well,

brings hope to women facing
unplanned pregnancies and
life to preborn babies.

We do this online, on our Mobile Medical
Clinics, and with our trained, certified
partners at Pregnancy Health Clinics,
churches, and at 10,000+ verified
locations across the United States.

**BUT WHOEVER DRINKS THE WATER I
GIVE THEM WILL NEVER THIRST.
INDEED, THE WATER I GIVE THEM
WILL BECOME IN THEM A SPRING
OF WATER WELLING UP
TO ETERNAL LIFE.
JOHN 4:14**

“

We were married, already had kids, and were homeless. It was scary when I found out I was pregnant again at age 41. We couldn't afford to have another child, and I planned to go to Planned Parenthood.

I didn't know where else to go. I then saw a pregnancy van (Save the Storks' For Every Woman Mobile Medical Clinic) at the rescue mission

and asked if I could get an ultrasound since it was free. I met Dr. Mitch, who goes to Mariners Church, and he let me hear the baby's heartbeat. I was five weeks pregnant!

I brought my husband to the pregnancy van the next week so he could hear the heartbeat and see the baby on the screen. It was the week of Father's Day!

Our baby boy is due on February 2, 2026.

Testimonial from a couple in Tustin, CA

In this post-Roe America, our calling is clear: no woman should ever face pregnancy feeling abandoned or without hope. Every woman deserves to be supported, empowered, and given the tools to embrace both motherhood and a flourishing future. Every mother and every child deserves dignity, love, and a future full of hope. I'm honored to join the board of Save the Storks to advance its powerful, life-changing mission.
